

A Clean Man

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

Dr. Pierce's Golden Medical Discovery

prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh.

It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs. Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe. Easy to take as candy.

Rev. V. F. Hendee to Resign as Pastor of Trinity Church.

Rev. Vivian F. Hendee announced at the third quarterly conference, held at the parsonage last night, that he intended to present his resignation to the Trinity church parish, in order to take a year's rest from pastoral duties on account of his health. Mr. Hendee was appointed to the Montpelier church in 1910 and the church will be reluctant to accept his resignation, should it be presented. Barre Has to Bow to the Inevitable—Scores of Citizens Prove It.

After reading the public statement of this representative citizen of Barre, given below, you must come to this conclusion: A remedy which cured years ago, which has kept the kidneys in good health since, can be relied upon to perform the same work in other cases. Read this:

Mrs. J. L. Cummings, 80 Elm street, Barre, Vt., says: "About three years ago I began to have serious attacks of kidney trouble. The first symptom was sharp pain just over my hips, sometimes lasting for three days. During these attacks I could not sleep and it was with the greatest difficulty that I got around the house. If I caught cold it settled in my back, aggravating the trouble. I used a number of remedies, but found no relief until I took Doan's Kidney Pills, procured at Drown's drug store. They strengthened my back and proved to be an excellent kidney remedy. It is now over six months since I have had an attack of backache and I believe that Doan's Kidney Pills have effected a permanent cure." (Statement given Nov. 13, 1905.)

Praises Doan's Again. Mrs. Cummings was interviewed on May 24, 1911, and she said: "I have no reason to change my high opinion of Doan's Kidney Pills, as the relief they gave me has been permanent. I can still recommend this remedy and gladly confirm the statement I gave for publication some years ago."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

PRESIDENT OF CHINA

WILL BE DR. SUN YAT SEN

Named at the Conference of Revolutionaries; Nanking to Be New Capital.

Shanghai, Dec. 16.—As a result of an important conference of the revolutionary leaders Thursday, it is announced that a republican government has been established and will be proclaimed to-day, with Dr. Sun Yat Sen as president and Nanking as the capital.

It was also decided that as no prospects of peace are forthcoming at the conference and that unless Yuan Shih Kai abandons his ideas of a monarchy the revolutionaries will urgently continue their preparations for an attack on Peking.

The new officials will proceed to Nanking to take up their posts. Singapore, Dec. 16.—Dr. Sun Yat Sen and General Homer Lea arrived Thursday at Penang on their way to China. Dr. Sun Yat Sen is closely guarded, and the throng of Chinese who surrounded him were not allowed to converse with him.

Dr. Sun Yat Sen, who has been regarded in many quarters as the chief instigator of the present rebellion in China, its financial agent in the western world and as likely to become the first president of the Chinese republic, is considerable of a mystery to occident and orient alike.

He was a leader in the revolt of 1905, which failed, and he barely escaped from Canton with his life. Founding the China Reform association, he came to America, spread the movement here and is said to have borrowed hundreds of thousands of dollars in America and England to finance the rebellion, after long negotiations with financiers here and in Europe.

Gen. Homer Lea, the American author, who headed the relief party to save the Chinese emperor, Kwang Hsu, in 1901, and was put in command of the second division of the Chinese army in 1904, is on his way to China with Dr. Sun Yat Sen. It is reported that he will be the military commander of the new Chinese government in the period of military rule which is expected before constitutional government is inaugurated.
